EROSION & SEDIMENTATION CONTROL: This project involves one or more of the following and has an approved E & S plan from Lancaster County Conservation District: earth disturbance on more than 1 acre; storm water piping; alteration of a watercourse; slopes exceeding 10%; site contains or abuts a body of water or watercourse; site activity presents potential for sedimentation to body of water. ( ) YES ( ) NO

**NOTE: Prior to any excavation or earthmoving on the site, an adequate erosion & sediment pollution control plan must be developed, implemented and maintained. Earth disturbance in excess of 5,000 square feet but less than one acre (43,560 square feet) also requires an Erosion & Sediment Control plan approved by the Lancaster County Conservation District. A copy of the approval letter must accompany any required permit submissions (i.e. Stormwater, Excavation, Demolition permit applications, etc.)**

The applicant alone bears the responsibility of insuring that his/her lot, structures, and uses thereon, do not violate laws, regulations, or rights of neighbors and other parties. Applicant acknowledges that he/she has not relied on any oral or written statements of any officer of Rapho Township as to any matters other than zoning.

“By signature below, the applicant affirms [he/she/it] has in good faith performed a due diligence review of the Township of Rapho, county, state and federal statutes, laws, ordinances, regulations, and requirements to determine the permits and approvals that are required for the proposed use of land, building or structure and that [he/she/it] has provided a complete list of such permits and approvals.”
